On-Site Boat Storage

All Boats on Lake Lenape must display a current Boat Decal. The Boats that are stored in assigned Lake Lenape property locations must display the "On-Site" boat decal, all others must display the standard Boat decal.

On-Premise Boat Storage Assignments are subject to review every year. The storage inventory changes as new members join, existing members move away, and boats change ownership. If you are requesting On-Site Boat Storage, please list your requirements below to assist us in accommodating your needs. We will not change your current assignments unless it becomes necessary.

Do you have any physical restrictions that should be a consideration in your assignment
